GAP COVERAGE PROGRAM

Guaranteed Asset Protection (GAP) is the difference between the actual cash value (ACV) of a vehicle and the outstanding balance owed on the car loan/lease.

An unforeseen event (i.e. accident, theft, fire) can leave your vehicle in a state beyond repair or recovery. In the event of a total loss, your insurance provider will determine the actual cash value. The insurance payout may not be enough to cover the remaining balance on your car loan/lease, creating a gap.

GAP Coverage ensures you do not pay for this gap out of pocket.

GAP COVERAGE benefits:

- ✓ Protects credit rating
- ✓ Protects against car depreciation
- ✓ Up to 160% of the Canadian Black Book Value
- ✓ Receive up to \$500.00 in loyalty credit towards your new vehicle from the initial selling dealership
- ✓ Eligible for vehicles up to 10 years prior to the current model year

GAP COVERAGE

JOB LOSS COVERAGE

Unexpectedly losing your job may leave you short of money to pay your bills, including your car loan payments.

With coverage of up to **\$3000.00** or 10 months (whichever comes first). Job Loss Coverage reimburses loan payments made within the first year of car ownership.

To qualify for the program, you must be*:

- ✓ Residents of Canada between the ages of 18 and 65 years old
- ✓ Employed at the time of the loan/lease (Full time position; Minimum of 30 hours a week)
- ✓ Laid off involuntarily from a job held for at least a minimum of 6 months with a current employer

*Additional qualifications apply. Please see Contract for more details.

DEPRECIATION COVERAGE

Depreciation Coverage compensates you for the difference between the outstanding loan amount and the return value of your vehicle in case you need to return it for the following reasons:

- ✓ Physical impairment
- ✓ Loss of one's driver's licence (due to medical/age)
- ✓ A job transfer to another country
- ✓ Accidental death
- ✓ Bankruptcy due to self-employment

Receive up to **\$7500.00*** in depreciation value
